

# Letter of the Week

## Year-at-a-Glance

---

We are going to begin with consonants first, as they generally have one sound (example exception: G).

We are going to break up vowels into two weeks. First, we will work on short vowel sounds. Second, we will work on long sounds that vowels make.

Children will bring in items each week that begin with the letter of the week to share with each other.

We will also have a weekly phonics poem that supports learning the letter of the week.
