We will be using the Catechist Manual: God Made the World.

The God Made Everything series is a holistic approach to early childhood faith formation. A variety of methods and techniques ensures that the Good News is conveyed in ways suited to different ages, learning styles, and teaching approaches. Through this curriculum, children learn that God made living things, including people, holy things, the earth, and other wonderful surprises. A unique aspect of God's creation is the main focus of each chapter. Children will continue to grow and expand their faith in God Loves Us, the next in the series, as Kindergarteners at Holy Rosary.
